

Lazydays

WE WILL COOK YOUR FISH After you've been out on the water all day and you have the story-of-a-lifetime catch (thanks to our local captains), bring it to Chef Lupe and he will cook it for you.

Please understand your fresh catch must be filleted and de-boned. When the fish is cleaned properly, Chef Lupe has more time to cook it to perfection.

Your fresh catch can be prepared several different ways. For larger parties we serve it on a platter with up to 6 different preparations for your whole party to sample. Individual orders are prepared from your choice of 6 unique preparations.

You will also be served soup or salad, choice of potato, french fries, rice or vegetable of the day, homemade tropical bread and fresh dinner rolls baked daily in our kitchen.

The cost to prepare your catch is 13.95 per person up to one pound of fish (which is more than plenty). If you have more or you would like to cook it two ways, it is only 4.00 per pound or preparation. You can also bring your lobsters (2 per person), and we will cook them at the same price. All fish and lobster must be of legal size and season.

We will not be responsible for illness due to improper handling, packaging, or prep work done to fish before it is brought to our kitchen.

For parties of five or more
An 18% gratuity may be added to your check.

If your neighbor is served before you it is not because we have forgotten about you, maybe what they ordered did not take as long to cook.

We accept Visa, Master Card, American Express and Discover Cards,
sorry no personal checks accepted.

We ask our customers to kindly refrain from smoking inside the restaurant and all cigars and pipe smoking on the outside deck. All menu items are available for take out.
